May Break All Records.

NEW ORLEANS, March 11 .- It is generally admitted by government, state and city authorities that the Mississippi river will in all probability break all records before the present flood begins to recede. The gauge here to-night shows 18.5 feet, a rise of one inch in the past twelve hours. This stage is just one foot below the highwater record, and every precaution is being taken to prevent serious damage, and to prepare for emergencies. All the levee lines are being thoroughly inspected, and large forces of men are at work day and night to strengthen weak places, and guard the banks by night and day. Though all the authorities admit that a record stage is probable, they maintain that the levee system is higher and stronger than ever before and that the banks are prepared to withstand the extra strain.

40,000 Acres of Wheat Flooded.

CAIRO, Ill., March 11 .- The river gauge at Cairo registered 47.9 feet at 10 o'clock tonight, and the water is slowly rising. In Mississippi county, Missouri, more than forty thousand acres of wheat have been flooded. The Big Four Railroad tracks north of Mound City are under water. It is reported that the levee has broken at Price's Landing, near Commerce.

WEATHER BUREAU BULLETIN.

Conditions in the Mississippi Have Grown More Threatening.

WASHINGTON, March 11 .- The Weather Bureau this afternoon issued the following crest at Evansville during the next few | mands: hours at something under forty-three feet. At Paducah a stage of forty-six feet is indicated within the next two days. At Cairo the rise will continue during the next two or three days at a decreased rate, reaching fifty feet and possibly slightly over. The lower Tennessee will begin to fall in two or three days, while the Mississippi will rise slowly. From Cairo the conditions are more threatening since Tuesday. The rise is progressing at an increased rate, and thirty-eight feet of water is expected. Freshets in Eastern Rivers.

BOSTON, March 11 .- The rivers of eastern New England are beginning to show the effects of the warm rains which have prevailed for several days. The Merrimac, the cotton mill river of New Hampshire and Massachusetts, and the Penobscott and Kennebec, in Maine, are rapidly rising and threatening serious damage. In Maine there is apprehension in the lumbering regions. There are 20,000,000 feet of logs ready to be hauled to the rivers, which, it is said, will have to be left in the yards unless the floods subside and freezing weather comes.

The Mohawk Valley Flooded.

FONDA, N. Y., March 11.-Heavy rains have caused the Mohawk river to overflow and flood portions of the valley. Much damage to property is reported. Homes have been flooded and families compelled to seek places of safety. Many factories have been compelled to shut down. The New York Central and the West Shore railroads are suffering from landslides.

It is reported that their testimony was exclusively concerning the grave-robbing cases in this county. The jury probably will complete its labors by Saturday, at which time it is expected that indictments will be returned against several persons, several of whom are prominently connected.

Swamps Have Become Valuable.

Special to the Indianapolis Journal. WINAMAC, Ind., March 11.-Pulaski county, at one time said to be the swampiest county in the State, has rapidly come to the front as an agricultural county through the systematic drainage of swamp lands. Over seven hundred miles of dredging and ditching have been completed at contract prices aggregating \$225,000. As a result, swamp lands that sold ten years ago for \$1.75 an acre and were covered with muskrat houses are now finding a ready market at \$75 an acre. Good farm land in this county is hardly obtainable now for less than \$80 an acre. Farmers who moved here ten years ago and purchased low-priced land have in every case become rich men by simply holding their

MUNICIPAL OWNERSHIP

Bill to Empower Cities to Own and Operate Street Railways.

SPRINGFIELD, Ill., March 11.-A bill to authorize cities to own and operate street railways was amended to-day by the Senate committee on municipalities and ordered reported to the Senate with a recommendation for its passage. It is understood the amendments were made at the suggestion of Graeme Stewart, Republican candidate for mayor of Chicago, and that the bill in its amended form will constitute his platform on the traction question. One of the amendments adopted today changes the title of the bill so as to give to cities the power to lease as, well as to own and operate street railways. Another amendment provides that no ordinance authorizing a lease for a longer period than five years shall go into effect until the expiration of sixty days from and after its passage and if within such sixty days there is filed with the city clerk a petition signed by 10 per cent. of the voters at the last preceding election for mayor that such ordinance be submitted to popular vote, then the ordinance shall not go into effect unless the question of its adoption shall first be submitted to the electors and approved by a

majority of those voting thereon.

Iron Ore Prices Fixed. CLEVELAND, O., March 11.-The prices for iron ore produced from the mines of the Lake Superior district and controlled by what was heretofore known as the Ore Association have been fixed for the ensuing year. The books for the various concerns have been opened and it is said that the total sales to date from the Merchant mines have been upwards of 2,000,000 tons. It is likewise said that the Ore Association, as such, has passed out of existence. The Bessemer old range ores, which last year sold at \$4.25 a ton will sell through all offices this year at \$4.50. The Bessemer Mesaba ores which sold at \$3.50 last year

will sell the coming season at \$4. Warrant for L. B. Weisenburgh.

FRANKFORT, Ky., March 11.-A warrant for the arrest of L. B. Weisenburgh, of the milling firm of L. B. Weisenburgh & Co., of this city, charging him with obtaining money under false pretenses, was sworn out to-night by A. D. Blanton. Weisenburgh has left the city and is charged with leaving behind notes in the local banks for \$52,500. The notes were secured by warehouse receipts for some 90,000 bushels of wheat and by indorsement of A. D. Blanton, whom, it is said, was a silent partner of Weisenburgh in the milling firm. Weisenburgh was last seen at Cincinnati, and the police of that city have been wired to be on the lookout for him.

Pesthouse Surrounded by Water.

ST. LOUIS, Mo., March 11.-Thousands of acres of land on the Illinois side above East St. Louis are inundated by the high water, and the residents of that region have been driven from their homes. At Venice the pesthouse, containing four smallpox patients, is surrounded, and doctors and nurses are forced to row about in

Alcazars and Tish-I-Mingos Also Pile Some High Totals-Independent League Scores.

The Ramblers carried off the honors in the Independent League games last night. Aided by Lee Graff's high scores, the first division piled up the highest scores of the evening. Graff rolled 224, 178 and 236. The Ramblers chalked up six victories from the Prospects. The first division of the Alcazars did good work, having little opposition from the Standards. The Tish-i-Mingoes and Royals played an interesting series, the Tish-i-Mingoes carrying off five of the games and also the high scores. The Columbias did some good bowling. The scores

FOUR BOUTS ARRANGED. Boxing Carnival to Be Held at Cy-

clorama March 18. The Indianapolis Athletic Club, the organization that promoted boxing contests at the Empire Theater last summer and fall, will conduct a boxing carnival at the Cyclorama Rink Wednesday night, March 8. The first bout will be given promptly at 8:30, and the entire programme will be con-

The principal contest will be between Eddie Santry, of Chicago, and Adam Ryan, of Philadelphia. They are matched for a ten-round bout to a decision. Santry was seen in this city last summer, when he met Young Mowatt early in July, and the following month met Ole Olson. Ryan be-

longs to the same class, and is a clever The club has secured as a semi-windup of six rounds a bout between George Quinn and Johnny Ruse, two clever bantamweights of Chicago. They will weigh in at 105 pounds, and are the best men in their class and weight in Chicago. There will be two preliminaries of four rounds each, which will bring together the best men in Indianapolis. In all there will be twenty-four rounds of boxing, and all of the bouts promise to be very interesting. The seatng arrangement at the Cyclorama is excellent, and every seat in the building will be within twenty-five feet of the ring. The ring will be placed in the middle of the

polo floor, and will be elevated four feet. BONE SHOWED STRENGTH.

RICHMOND, Ind., March 11.-Richmond ran away with Indianapolis at polo to-night and when the last gong sounded the score stood 11 to 3. The work of Bone, Richmond's rusher, set the crowd wild. He passed Indianapolis's defense without trouble and made six goals. Houghton was not at his best and missed many opportunities at cover point. Richmond's de fense was so strong that the visitors had few opportunities to score. Jessup was a star at goal. Whipple was not able to fill Coggshall's place at center. Summary score: Richmond, 11; Indianapolis, 3. Stops -Jessup, 35; Berry, 40. Goals-Bone, 6; Houghton, 5; Gavitt, 3. Rushes-Hipson, : Bone, 12; Houghton, 2. Fouls-Bone, Attendance-1,400. HOT SPRINGS, Ark., March 11 .- After an eleven-round fight, to-night, with Steve Crosby, of Louisville, Joe Gans, lightweight champion, successfully defended his title, doing most of the fighting and showing a clear manifest in every detail. The two men fought at about 134 pounds. Tommy Ryan, the middle-weight champion.

A Money Order Clerk in Roxbury, Mass., Postoffice Has a Blessed Experience with

Paine's Celery Compound

The Word's Best Spring Medicine

The blood plays an important part in our physical economy, and, in a liquid state, constitutes a large part of the entire body. Unhealthy conditions of the life stream affect seriously all parts of the human system. It seems unnecessary to remind intelligent people that when vitality is low,

when the appetite fails, when oppressed by tired feelings and heaviness, when headaches and insomnia make our days miser able, when itchings, skin troubles and eruptions cause alarm, that the condition of

the blood calls for prompt attention. If you have delayed the work of purifying the blood in the past months, you cannot, with safety, allow the spring time to pass without some effort on your part to rid yourself of perils and dangers. In the spring season Paine's Celery Compound effectively removes all impurities from the blood, so that the vital fluid goes on its health-restoring mission to heart, lungs, brain and all other parts, making you vigorous and healthy and stronger than ever before. Mr. T. F. McCarthy, Roxbury, Mass., postoffice money order clerk, and a prominent member of the Knights of Co-

lumbus, writes thus:-"I wish to express my appreciation of your most valuable remedy, Paine's Celery Compound. I had been troubled with a violent itching on hands and feet, coupled with swelling, all due to impure blood. After using Paine's Celery Compound three days, the itching and swelling completely disappeared, and after use of one full bottle, I find myself in good health.

Crosby's hugging tactics saved him from early defeat, but disgusted the spectators, who hissed repeatedly. In the eighth round Crosby was knocked through the ropes. He was repeatedly knocked down, and when, in the eleventh round, Gans was punching him all over the ring, the latter's seconds threw up the sponge. The fight was for a purse of \$4,000, winner getting \$3,000 and the loser
